**TIRE CHANGER**

# monty™ 3650

The Hofmann monty 3650 is specifically designed to change on-road, RV and bus tires. The monty 3650 is ideal for businesses that maintain a fleet of vehicles, freight forwarders and bus garages. The monty 3650 can handle wheel diameters from 16" to 24.5", wheel width of 20" and a maximum wheel assembly diameter of 47". The monty 3650 is designed for a single operator and to take up a minimum amount of shop floor space.

## Simple and Quick Operation

After mounting the wheel onto the rotating chuck, both beads are quickly broken using the bead rollers. The tire is then removed using the same bead rollers. Installation is just as quick and easy.

## One-Man Operation

The integrated control panel conveniently moves into any position allowing one person to operate the tire changer.

## Minimum Space Requirement

The monty 3650 uses less shop space than competitive tire changers in its class.

## Affordably Priced For Fleets

Even with a fleet as small as 20 vehicles, the monty 3650 will pay for itself in the first year.

## TIRE CHANGER

### Specifications

Wheel Clamping Diameter:	16" - 24.5"
Max. Wheel Assembly Diameter:	47"
Max. Wheel Width:	20"
Maximum Wheel Weight:	450 lbs.
Dimensions (WxDxH):	52"x54"x31"
Shipping Weight:	880 lbs.
Power Requirements:	230V, 1/3Ph, 50/60 Hz

### Standard Accessories

EAA0247G02A	Tire lever
EAA0329G10A	Wheel clamp pliers
4021053	Wing-Nut
